

Minor and Youth Hockey Coaches, Parents & Players:

Have you ever played on, or coached a losing hockey Team?
If so, you know it's not a whole lot of fun and it makes for a very, very, long winter.

"Hockey Made Easy" Canada's premier parents and coaches Instruction Manual, can help you avoid this situation, put the fun back into Minor & Youth Hockey experiences and get your Team off to a flying start this season.

We provide timely complimentary tips throughout the season and our complete 220 page manual offers valuable hockey instruction and strategy information so your Team and Players can quickly become more competitive and definitely win more games.

We all know that "fun" is the main goal of all Minor/Youth Hockey programs. However, though perhaps not politically correct, winning is still the objective of the game and is more fun than losing anyway. Just ask your players.

Getting your Team off to a winning start builds player confidence, their self esteem, team moral and prevents you & your players from possibly being unfairly labled a "loser".

If you lose your first 3 out of 4 games it might be hard to recover. You can avoid this experience with "Hockey Made Easy" as you still have time to read the manual before your first game.

Whether you're a rookie or experienced coach, parent or player there is light at the end of the tunnel. To get off to a great start this season simply get the helpful skills, systems and strategy tips listed in our manual. Go to www.HockeyMadeEasy.com to get on the fast track to success and off to a winning start.

The valuable hockey instruction information contained in the Hockey Made Easy manual will meet & exceed your expectations. Get your copy today for less than a xlarge all dressed pizza.

If you are no longer involved in Minor/Youth Hockey programs and would like your name taken off our hockey contact list, simply click reply and state your wishes in the subject line. They will be acted on immediately.

Have a great up coming season.

Yours in hockey,
John Shorey
